SKIN CARE

Laser Genesis Skin Rejuvenation

From: \$250.00

Laser Genesis is a non-ablative skin rejuvenation treatment that targets the deepest layers of the skin. The Laser Genesis helps stimulate collagen growth that helps you regain healthy looking skin. The non-invasive procedure can treat a wide range of facial concerns with no downtime. This treatment dramatically improves facial redness, rosacea, fine lines, pore size, skin texture and acne scarring.

CoolGlide Vein Therapy For Broken Capillaries & Spider Veins

From: \$250.00

The Cutera CoolGlide laser effectively removes unwanted blood vessels on the face and body. This laser system can treat many vascular conditions from broken capillaries to unsightly leg veins. With just a few treatments you can improve the appearance of blemished skin.

CoolGlide Laser Hair Removal

From: \$75.00

Cutera CoolGlide laser system is a safe, fast, and effective way to permanently reduce most unwanted hair. The laser hair removal device uses concentrated light therapy to eliminate hair follicles while cooling the skin. Our lasers are designed to treat all skin tones and can remove hair from all parts of the body.

Botox

From \$315.00

Botox cosmetic is a natural purified protein used to treat wrinkles, fine lines and aging skin. Botox is a simple, non-surgical treatment that can temporarily relax the muscles to which it is applied. This relaxation typically lasts 3-4 months.

Juvederm

From \$520.00

Juvederm is made of hyaluronic acid- a naturally occurring substance in your skin that helps add volume and hydration. It is an FDA approved cosmetic filler used for correcting skin texture imperfections like acne scars, fine lines, nasolabial folds, and marionette lines. Fillers are also commonly used for lip enhancement.

HyperBarOX- Supercharged Microdermabrasion

From \$150.00

Microdermabrasion causes superficial trauma to the skin, thereby triggering the skin's natural healing mechanism to remove sun-damaged skin, and lessen scars and dark spots. As one ages, the skin's natural repair process is compromised due to a variety of deficiencies, one of which is tissue oxygenation. DermaNew's HyperBarOX System incorporates pure oxygen into the microdermabrasion process. The healing of freshly treated skin is amplified with less redness, discomfort and downtime.

Vitalize Peel

From \$150.00

The Vitalize Peel from Skin Medica provides a strong, but gentle formulation suitable for all skin types and colors. Even after one peel you will notice improvement in your skin's texture and tone, lessening of lines, and a healthier more youthful appearance. The Vitalize Peel is physician strength and has been clinically proven to help skin problems such as age spots, melasma, acne and fine lines.

Flawless Fruit-Acid Peel

From \$75.00

This is an excellent treatment to diminish the signs of aging by stimulating the formation of new collagen. A physician strength Glycolic-Acid formula, made from sugar cane and citrus fruits, is used to reduce the appearance of wrinkles on the skin's surface. This peel is aggressive yet mild, and causes little to no skin irritation. With repetitive and continuous use, improvement to skin tone and texture occurs.

Radiant Medipeel

From \$95.00

The Radiant Medipeel is a nonirritating rapid exfoliator. Physician grade Lactic acid is used to eliminate toxins and dead cells from the skin's surface. This will also increase skin cell turnover, producing thicker, tighter and more vibrant skin. This treatment will also effectively treat stubborn skin conditions such as acne, sun damage, and enlarged pores.

Clarifying Acne Peel

From \$95.00

Physician strength Salicylic acid is used to help the appearance of acne prone skin. The Clarifying Acne Peel is oil-soluble and lipophilic so it penetrates sebum filled follicles and helps to unclog pores, loosen and lift blackheads, even out skin texture, and prevent future breakouts. This leaves the skin wonderfully smooth with clear complexion.

Laser Scar Revision

From \$750.00

The appearance of scars can be a cause for concern, particularly if they are located in a prominent anatomic area. Fortunately, many scars can be treated with the use of the Cutera laser system. A series of laser treatments can improve appearance and boost self-esteem.

Laser Acne Therapy

From \$250.00

Laser Therapy for acne clears and purifies your pores from the inside out. Clients will experience a significant decrease in the number, interval and severity of "break outs". A decrease in the amount of oil production will start after the first treatment.

Obagi System

From \$250.00

Obagi Nu-Derm System is a medical skin care program that transforms skin's cellular functions of the skin. This home skin care program corrects complex problems such as acne, melasma (brown spots) fine lines, wrinkles and scars. Obagi Nu-Derm is the most effective home treatment for skin health restoration.
